Chrome and Mirror

A GORILLA PAINT PRODUCT

CRI CHROME AND MIRROR

Transform any object into a highly reflective chrome mirror finish.

Chrome and Mirror Introduction

One of several 'Gorilla Paint' products that have a secret blend of unique chemicals to create a revolutionary paint like no other. Strong, resilient, tough and eco-friendly. This truly is an exceptional product.

CHROME-IT has revolutionised the whole chrome and mirror process, making it easy to use with perfect results time and time again. Years of development have culminated in new safe to use solutions that allow anyone to chrome objects or create Antique Mirrors and achieve a really professional finish. The new chrome solutions are so good it is virtually impossible to make a mistake.

FENDI commissioned seventy (70) huge fibre glass balloons to be chromed for their London outlets. Each balloon was over 2mtrs in length.

Chrome and Mirror Chrome IT Machine

Creating exquisite chrome objects, antique and decorative mirrors could not be easier using our exclusive Chrome Spray Application System. A compact machine that is affordable and easy to use.

Our Chrome-It Spray stations come with either a single or double gun system to allow two persons to work simultaneously. The equipment is user friendly and the unique chrome spray guns give excellent product transfer efficiency saving time and money. Full in house training, delivery, installation and after sales technical support is provided by our experienced staff. We supply everything necessary to create exceptional quality with a turnkey solution.

A range of different size dry back spray booths that are ideal for processing a whole range of different products from Antique Mirror to Champagne bottles. The booths are equipped with Infra-red heat lamps, drainage system to collect the excess water, overhead LED lights and turntable. Bespoke sizes are available.

Mirror Coat Mirror Spray

Mirror Spray is a unique highly reflective spray paint that will transform clear glass in to perfect mirror finish. It can be applied to selective areas for decoration or full sheets.

Mirror Coat is extremely fast drying which eliminated the risk of dust inclusion. It can be applied to any type of glass including toughened / tempered and patterned using a conventional spray gun. Ideal for use in kitchens, bathrooms and wet rooms as the product is water / moisture and heat resistant. It can even be used to repair scratched or damaged mirrors. Also available in an aerosol can.

Mirror Coat Antique Mirror Spray

Antique Mirror has become very fashionable, there is currently a huge demand for this unique and classic system with antique mirror effects being used in many different interior decoration applications.

A range of antique mirror and decorative effects each with their own unique identity that are easily achieved using the specially prepared antique solutions. The antique solutions are available in a range of colours and are simply applied using a trigger spray bottle or aerosol can. They react naturally with each other resulting in a stunning range of effects. All of our antique solutions are non-hazardous and safe to use. Glass including toughened / tempered can be converted to 'real' mirror. Antique mirror is ideal for use on curtain walling, kitchen Splashbacks, and is excellent in unsightly stair well's adding elegance and reflecting light.
